

## Excursion sites

Livingstone is Zambia's tourist Capital and it is located on the south-western part of Zambia, a few kilometers from the Zambezi River and the border with Zimbabwe. It's a hub for visitors to the Victoria Falls; the adjoining Mosi-oa-Tunya National Park which surrounds the Zambian side of the falls and the Livingstone Museum which traces local history and archaeology, and the life of the Scottish explorer, David Livingstone, after whom the town was named.

For the steam engine enthusiasts, the Railway Museum in Chishimba Falls Road holds some fine examples of Zambia's railway heritage including old steam locomotives and vintage coaches to the tiniest railway memorabilia and old photographs illustrating life in the pioneer days of the town. Zambezi sunsets are stunning and a boat cruise on the upper Zambezi is a must on any trip to Livingstone.

There are many options from breakfast, lunch or sunset cruises, more social "booze cruises" to more luxurious, relaxed experiences. These boats will take you past the Mosi-oa-tunya National Park where you glimpse hippos, crocodiles, elephants, giraffes and more while sipping on a Gin and Tonic. For more information visit ([www.zambiatourism.com](http://www.zambiatourism.com)). Livingstone also has a Golf course, complete with Clubhouse, Restaurant, Proshop and Gym. There is also a Reptile Park with large specimens of crocodiles and snakes. (Visit AEAA Website for more details on excursions)
